lmctrucklife.com

It's 4 degrees outside, and I've been told by my lovely catalog director that I need to write a letter for the spring catalogs, since I am at deadline. I thought it was only fair to talk about the improvements we are making to our catalogs. Some of the changes have appeared in the catalogs you have received and some will appear in the next edition.

Starting at the front of the catalogs, we changed the indexes for faster and easier searching of the product you are looking for. We changed the flow of our catalogs to emphasize the in-demand products (but we want you to look at the whole thing—we're always adding new products wherever we can!). We reduced the copy to focus more on features and benefits and to allow for larger images. And we are removing the suggested list price and just putting in our selling price. We think these changes make the catalogs cleaner and easier to read.

We installed some new equipment in our shipping department that helps us ship parts in the most cost effective method. Our shippers (with the exception of USPS) moved to a dimensional weight method this year. This would have caused us to increase our shipping prices substantially, but we have been able to avoid that by investing in this equipment.

We are also busy working on our Chop Cut Rebuild K10 project. Watch for a "Name the Truck" contest. The winner will receive a LMC Truck gift card.

We are going to be running a series of contests this year, and you can win gift cards or a chance to have your truck featured in our next series of videos. Watch your emails or our Facebook page for contests and rules. (The attorneys say I have to have rules!)

Thanks for letting us be a part of your truck journey.

President, LMC Truck

How to Use this Catalog

Example: Wiper Blades

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	PRICE
47-3991	(1)	WIPER BLADE	DAKOTA 97-03 (2)	6.95

Please Note: Product drawings are only representations. Products supplied may vary from illustrations in this catalog.

ALL ITEMS ARE PRICED EACH IN THIS CATALOG.

"Kit" means the components that are required to do a replacement for one part, check required column. "Set" means a number of parts that complete one truck.

Explanation of policies is on pages 64 and 65.

Listing Explanation:

PART: The part number you order, i.e. #47-3991.
ILL #: Illustration reference number, i.e. (1) is the Wiper Blade.
DESCRIPTION: Name of part, i.e. Wiper Blade.
APPLICATION: Model and year part fits, i.e. Dakota 1997-03.
REQD: Quantity of the part required for one truck, i.e. two (2) Wiper Blades are required for one truck.
PRICE: The low price you pay for one part, i.e. Wiper Blade is \$6.95, making your total net cost \$13.90 + Delivery & Handling for two Wiper Blades required for one truck.

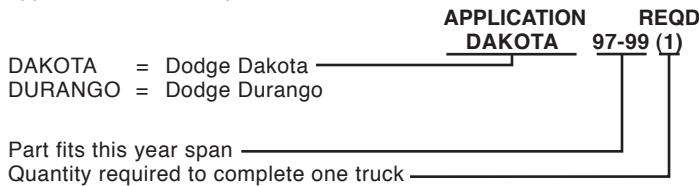

Part Number Definitions

- T** After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.
- Z** Remanufactured Part - Core charge will be applied then refunded after receipt of a rebuildable core.
- *** After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

How to Read this Catalog

Throughout this catalog, the application line of the part number describes which model of Dodge Truck that particular part will fit. The models this catalog covers are Dodge Dakota and Dodge Durango. Because not everyone can identify their truck by these model descriptions, here is an example of what each word and number that appears on the description line stands for:

Part Number Example

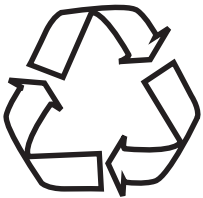

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
55-4410	RADIATOR-1 ROW "A" DAKOTA	97-99 (1)	199.95

The application line states that this part, #55-4410, fits Dodge Dakota models from 1997-99. On the description line of part you see "A", this means there is a special note about this particular part. At the bottom of the page the part appears on you will find a shadow box that will describe to you what the special note for this part is. Example:

Note: "A" Without auxiliary transmission oil cooler.

This note is telling you that this part, #55-4410, is for 1 Row Radiators without auxiliary transmission oil coolers.

We Care for You and Our Environment

LMC TRUCK is making a concentrated effort to provide safe delivery and keep the environment as clean as possible. We use a polystyrene "peanut" as pack fill. It is photodegradable - which means that it will disintegrate in the sun, not in a landfill. It has been produced without ozone depleting chlorofluorocarbons.

Codes have been given to identify recycling processes, check with your recycling center to see if they accept polystyrene code 6. If this "peanut" is not recycled and is sent to a landfill, it's still environmentally safe.

You may have noticed that some of your packing materials do not have our company name and logos printed on them; we use other boxes that have misprints or are overruns to help control waste and packing cost. **LMC TRUCK** is helping you and our environment.

1997-06 Dakota Truck History

- | | |
|--|--|
| <p>1997 Introduction of the 2nd generation of Dodge Dakota, America's first mid-sized truck. Available in Standard Cab or Club Cab and your choice of shortbed (6' 6") or longbed (8') body configurations. Interior and exterior styling closely resembled the full-size Ram. The frame of the 2WD Dakota received a 50% increase in torsional rigidity to improve ride and interior cab noise levels. The 4WD frame, already stiffer than the 2WD, was carried over from previous year. Engine choices ranged from a 2.5L 4 cylinder with 120 horsepower, a 3.9L V6 with 175 horsepower or a 5.2L V8 with 230 horsepower. Driver and passenger side airbags became standard equipment for Dakota.</p> <p>1998 The high performance Dakota R/T roared in with a 250 horsepower 5.9L V8 engine with automatic transmission and performance suspension, riding on 16 inch tires. Dash mounted passenger side airbag on/off switch added. Power driver seat is optional as well as a passenger side A-pillar mounted grab handle for 4WD models.</p> <p>1999 Only in its 3rd year, very few minor changes were made. One-touch-down feature added for driver-side power window. 2 new overhead console styles were introduced. Steering wheel mounted radio controls were optional.</p> <p>2000 The Quad Cab Dakota was introduced. The Quad Cab featured 4 full-size forward hinged doors and was only offered with a 5' 3" bed. The longbed (8') was dropped from production. Power rack and pinion steering standard on 4WD models. The 4.7L V8 replaced the 5.2L V8.</p> | <p>2001 Changes focused on the interior of the Dakota as it received a new instrument panel, door panels and redesigned center console. For 4WD models, the transfer case selector switch changed from a floor mounted lever to a dash-mounted rotary switch. The optional Homelink transmitter feature allowed for garage door operation at the touch of a button.</p> <p>2002 The SXT trim package was introduced as the base trim level for Dakota models. The SXT had more standard features than any of its competitors' entry-level trim packages.</p> <p>2003 In anticipation of the new body style, notable changes occurred only to powertrain options. The 3.9L V6 was replaced by the more powerful and more fuel efficient 3.7L V6. Additionally, the 5.9L V8 was dropped from production.</p> <p>2004 The 2.5L 4 cylinder engine was dropped from production, leaving the 3.9L V6 as the standard engine or the 4.7L V8 and 5.9L V8 as optional engine choices for Dakota models.</p> <p>2005 The 3rd generation of the Dakota featured all new sheet metal, redesigned front and rear suspensions and rack-and-pinion steering standard for all models. The all new Dakota was only available in Club Cab or Quad Cab configurations. Engine choices were limited to the 3.7L V6, 4.7L V8 or the new 4.7L High-Output V8.</p> <p>2006 Minimal changes occurred during the second year of production. The R/T trim package returned as an option on 4WD models.</p> |
|--|--|

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous semi-gloss finish that will not rust, chip, crack or peel.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Marine Clean, then prime with Metal-Prep.

Approximate product coverage:

1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

PART	DESCRIPTION	PRICE
37-8411	POR-15 BLACK PAINT-1 PINT	\$31.95
37-8412	POR-15 BLACK PAINT-1 QUART	\$49.95

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must

be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

37-8415	METAL-PREP	1 QUART	\$16.95
37-8416	METAL-PREP	1 GALLON	\$34.95

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1200°F and resist cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

PART	DESCRIPTION	PRICE
37-8484	HIGH TEMP PAINT-GRAY 8 OZ	\$18.95
37-8485	HIGH TEMP PAINT-ALUM 8 OZ	\$18.95

Marine Clean cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

Marine Clean should be used as a surface prep prior to using Metal-Prep and POR-15.

PART	DESCRIPTION	PRICE
37-8413	MARINE CLEAN	1 QUART \$11.95
37-8414	MARINE CLEAN	1 GALLON \$22.95

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs. It is UV stable and offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Marine Clean and metal surfaces should be treated with Metal Prep. Bed Liner can be applied over POR-15.

Shortbed trucks - 1 gallon for two coats on bed floor, sides and tailgate. Longbed trucks need an additional quart.

Approximate product coverage:

1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

37-8480	BED LINER	1 QUART	\$28.95
37-8481	BED LINER	1 GALLON	\$109.95

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally safe sealer does not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Marine Clean and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:

1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

37-8488	FUEL TANK SEALER	1 PINT	\$23.95
37-8489	FUEL TANK SEALER	1 QUART	\$40.95

Panel and Trim Removal Tool Set

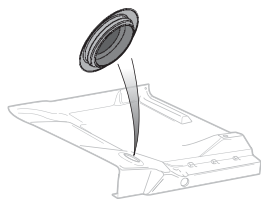

38-8245

A softer approach to working on delicate interior and exterior parts. This 5-piece Panel and Trim Removal Tool Set can be used to remove interior and exterior trim, fasteners, moldings and panels. Constructed of heavy-duty plastic to provide strength and flexibility for the toughest of jobs, yet they will not mar or damage the parts or surrounding finish. Call or go online and order yours today!

38-8245	PANEL AND TRIM TOOL SET-5 PIECE	(1)	\$14.95

Front Steel Body Parts

Durango 1998-03

Emblems are original equipment for the years shown. They will fit all 1998-03 Durango models.

To ensure proper fit of repair panels, do not begin cutting the existing sheet metal until you have received and checked the fit of the new panel.

Due to variations between manufacturers, dimensions may vary slightly.

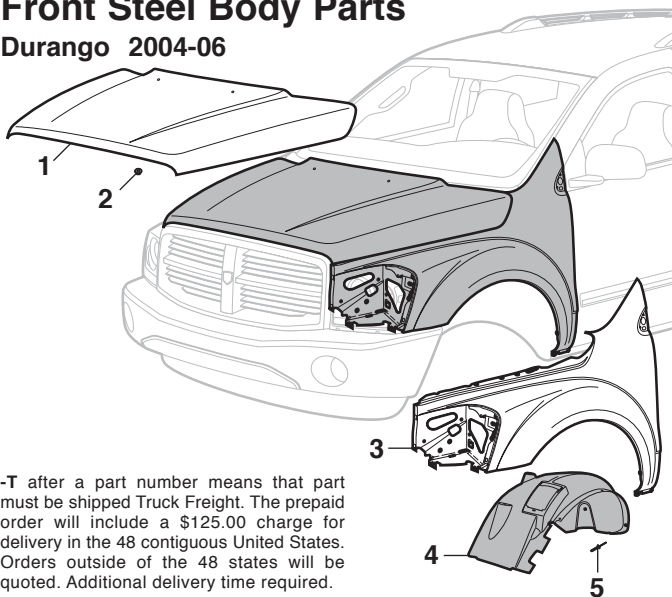

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

Body Gap Filler Set

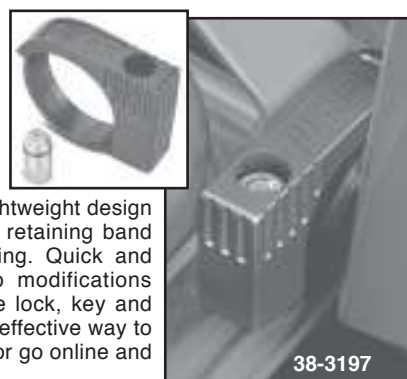

Body Gap Filler Set is a simple way to cover the unsightly gap that's visible between the frame and the bed of your truck. Body Gap Filler Set creates a clean backdrop for your wheels and is also used to cover the opening created by a body lift kit. Made from 3/16" thick industrial rubber for long life and durability. Each piece measures 33-1/2" long by 4-3/4" wide. Must be sized and cut to fit. Drilling is required for installation. Includes mounting hardware and installation instructions.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
30-2440	BODY GAP FILLER SET-REAR DAKOTA	97-06 (1)	\$19.95

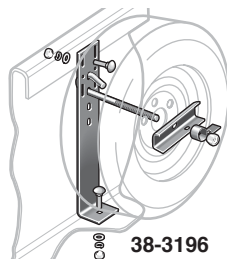

McGard™ Tailgate Lock

Your truck's tailgate could be stolen in less time than it takes to read this paragraph! The McGard™ Tailgate Lock offers constant theft protection without interfering with the normal operation of the tailgate. Strong, yet lightweight design features a stainless steel retaining band in a polycarbonate housing. Quick and easy installation with no modifications required. Includes tailgate lock, key and instructions. A simple, yet effective way to secure your tailgate. Call or go online and order yours today!

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
38-3197	TAILGATE LOCK DAKOTA	97-06 (1)	\$22.95

In-Bed Tire Carrier

Keep your spare tire handy without taking up a lot of bed space with this tire carrier. Tire carrier features sturdy construction with a rust-resistant black powder coat finish. Can be used on 14" to 16.5" diameter wheels with a maximum rim width of 7". Some drilling is required.

PART	DESCRIPTION	PRICE
38-3196	TIRE CARRIER-IN BED	\$39.95

Tailgate Sealer

Tailgate Sealer keeps out water, dirt, wind and exhaust fumes. Excellent for use with camper shells and tonneaus. Made from high-quality EDPM rubber with easy peel-and-stick installation.

PART	DESCRIPTION	PRICE
38-3203	TAILGATE SEALER	\$19.95

Movable Anchor Point

Anchoring a load is easy with these heavy-duty, steel anchor points. The unique "C" clamp design allows installation where needed; just clamp to bed rail and secure your load. Point and plate have been vinyl coated and will not rust or scratch your truck's finish. Can be used with "under the rail" style bed liners.

38-3239	MOVABLE ANCHOR POINT	\$6.95

Chrome Bumper and Primer Bumper

- Bumpers used by Collision Damage Repair Shops.
- Chrome Bumper is made with a computer-controlled process assuring consistent thickness of nickel and chrome plating.
- Primer Bumper is finished with an EDP (Electro Deposit Primer) coating that offers a smooth surface for applying your favorite color to match your truck.
- Economically priced replacements for your rusty, dull, scratched and pitted bumper.
- Save money, call or go online and order your bumper today.

Molded Carpet ... Fits and Looks Like Original

Complete Truck Molded Carpet replaces all interior floor carpets. Cut-pile carpet is molded from the original floor pan for a perfect fit that covers the entire floor. It's made from 100% nylon with an OE type heel pad. The heavy 36 ounce jute padding under the front passenger area helps insulate against heat and reduces road noise.

Sound Control Mat ... Hear and Feel the Difference

38-2816

38-2819

Sound Control Mat is scientifically designed to dramatically reduce noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Easy to cut and bend the 2mm thick sheet to conform to contoured surfaces, just peel and stick. Each sheet measures 21" x 29".

Roller ensures proper adhesion and provides a professional, smooth appearance. Features a 2" wide rubber roller with a plastic handle.

38-2819	SOUND CONTROL MAT	1 SHEET	4.22 SQUARE FEET	\$18.95
38-2809	SOUND CONTROL MAT	10 SHEETS	42.2 SQUARE FEET	\$169.95
38-2816	ROLLER-SOUND CONTROL MAT		2" WIDE	\$8.95

Multi-Purpose Heat and Sound Insulation

38-2829

38-0798

38-0716

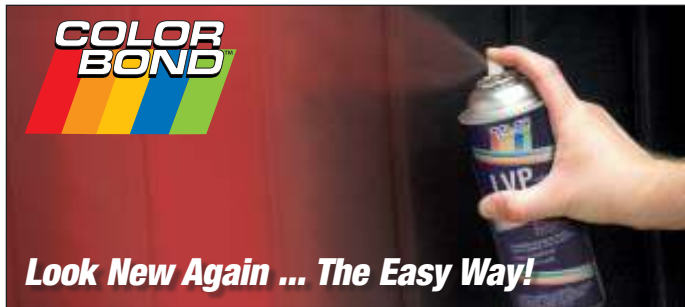

38-0792

Use #38-0798 Spray Adhesive and #38-0716 Aluminum Tape or #38-0792 Weatherstrip Adhesive to easily install Insulation Material.

Uses Space Age technology to insulate against heat, cold and noise. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat. Works great under the hood, under your carpet or rubber mat, above headliners, behind door panels, on the firewall and behind the seat. This Multi-Purpose Insulation has numerous household uses. Save on your gas and electric bills by insulating your water heater, pipes, garage doors and attic. Use this Multi-Purpose Insulation with Sound Control Mat, sold left, for maximum sound deadening. Call or go online and order both today!

Now You Can Be Sure All Your Interior Colors Match

Just
\$15⁹⁵ each

ColorBond is a revolutionary compound that permanently changes the color of your interior. Simply sprays on and dries to the touch in 45 seconds, forming a complete bond in 10 minutes. The original grain pattern is never altered or hidden; no matter how many times ColorBond is applied, the grain pattern is still clearly visible. ColorBond will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface.

ColorBond can be used on:

- Vinyl
- Leather
- ABS Plastic
- PVC
- Polyurethane
- Polycarbonate
- Lexan
- Acrylic
- Recycled Plastics

ColorBond is a semi-gloss finish that is OEM approved, UV stable and colorfast. Each 12 ounce can covers 7 square feet. Any material ColorBond is applied to should be cleaned with ColorBond Prep/Cleaner to remove any build-up of dirt, grease or chemicals.

Black #37-8375	Mist Gray #55-9253 Code: C3	Agate #55-9255 Code: AZ	Dark Slate Gray #55-9256 Code: DV
	Camel Tan #55-9259 Code: K9	Taupe #55-9260 Code: L5	

Black Underhood Paint

ColorBond Black Underhood Paint is designed to restore the finish of brackets, core supports, firewalls, heater boxes and inner fenders. Specially formulated acrylic lacquer provides the correct semi-gloss black finish for all of your underhood components. Underhood Paint withstands temperatures up to 250°F, but is not designed to be applied to your engine, manifolds or headers. Each 12 ounce can covers 6 square feet. Any material ColorBond is applied to should be cleaned with ColorBond Prep/Cleaner to remove any build-up of dirt, grease or chemicals. Call or go online and order yours today!

Spitshine Tire Black ... By ColorBond

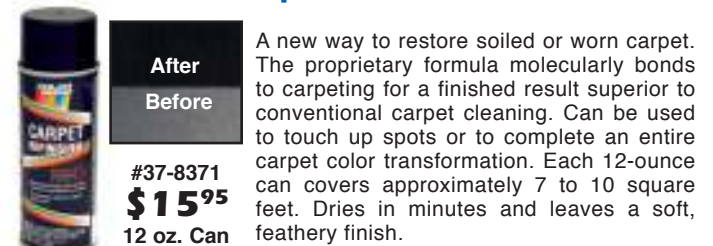

Easy to apply, simply clean tires of any existing dressings, silicones and dirt with ColorBond Prep/Cleaner. Then mask the wheel or rim and apply in light coats.

- Spitshine is not a clear silicone dressing and is not greasy or tacky like other tire dressings that attract unsightly dirt and dust.
- Tires keep their shine for a minimum of two months. Simply reapply Spitshine Tire Black if you scuff your tire or just want to brighten the look.

ColorBond Prep/Cleaner is a fast drying, non-solvent, multi-surface cleaner.

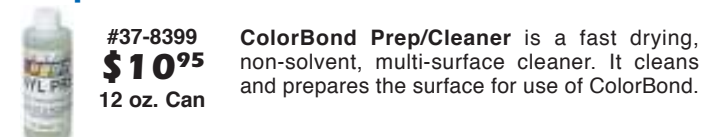

Not for use on tires with white lettering or sidewalls.

ColorBond Carpet Color Refinisher

A new way to restore soiled or worn carpet. The proprietary formula molecularly bonds to carpeting for a finished result superior to conventional carpet cleaning. Can be used to touch up spots or to complete an entire carpet color transformation. Each 12-ounce can covers approximately 7 to 10 square feet. Dries in minutes and leaves a soft, feathery finish.

Prep/Cleaner

ColorBond Prep/Cleaner is a fast drying, non-solvent, multi-surface cleaner. It cleans and prepares the surface for use of ColorBond.

1/8" Thick Molded Industrial Polyvinyl (MIP) Floor Mats

There are times when carpeting is not the appropriate floor covering for a vehicle. If your truck spends most of its time in a cow pasture, on a construction site or playing in a mud bog, then one of these heavy-duty Molded Industrial Polyvinyl (MIP) Floor Mats is your wisest choice. 1/8" thick industrial Polyvinyl is resistant to moisture and temperature; therefore, it will not dry rot or crack and lasts years longer than rubber.

These mats are easy to clean and extremely durable. They protect your interior from water, snow, mud and most chemicals including gasoline, oil and battery acid. MIP Mats are vacuum molded from the original floor pan to cover the entire floor making installation easy. The MIP Floor Mat includes pre-cut 36 ounce jute padding under the front passenger area to provide a higher level of insulation against heat, cold and road noise.

PART	DESCRIPTION AND APPLICATION			REQD	PRICE
56-7114	MIP MAT-BLACK	"A"	STD CAB DAKOTA	97-04 (1)	\$164.95
56-7115	MIP MAT-BLACK	"A"	CLUB CAB DAKOTA	97-04 (1)	\$184.95
56-7116	MIP MAT-BLACK	"B"	CLUB CAB DAKOTA	97-04 (1)	\$184.95
56-7117	MIP MAT-BLACK		QUAD CAB DAKOTA	97-04 (1)	\$214.95

Note: "A" Fits 2 wheel drive with automatic transmission.

"B" Fits 2 wheel drive with manual transmission and all 4 wheel drive.

All MIP Mats are only available in black.

Installation Tip: Allow mats to lay unfolded for 48 hours at room temperature of 72° or more to help remove creases caused by packing. Test fit prior to making any permanent installations (some trimming may be necessary).

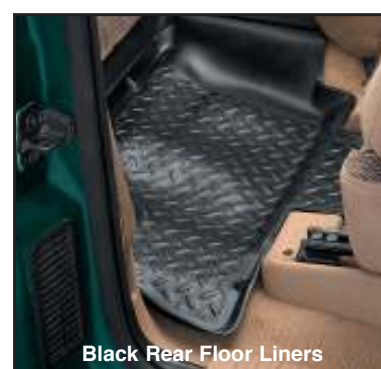

Floor Liners ... Keep Your Truck Carpet Looking Like New

Black Front Floor Liners

Gray Front Floor Liners

Black Rear Floor Liners

Protect your truck's carpet from water, snow, mud and most chemicals including gasoline, oil and battery acid. Molded for an exact fit from a patented rubberized thermoplastic material, guaranteed not to crack or break. The raised outer rim can trap up to two gallons of liquid.

The driver's side mat is equipped with an extra-thick heel pad to offer heel protection and help guard against wear in this high-use area. These liners are designed to conform to the shape of your vehicle's floor and the anti-slip back keeps the mat in place. Cleanup is easy, too. Just wipe up small areas with a cloth or remove the mat and hose it off.

Truck Gauges ... A Functional New Look

2-1/16" Electric Full Sweep with Smoke Lens

Gauge with vehicle turned off

Gauges include Wiring Harness, Mounting Bracket, Mounting Hardware, Mounting Tape and Installation Instructions.

- Truck Gauges feature an Aluminum Bezel and Smoke Colored Lens which masks the gauge readings when vehicle is turned off.
- When vehicle is turned on the gauges illuminate and broadcast a medium blue color light for daytime or nighttime readability.
- Smooth operating fluorescent red pointer.
- Gauges automatically calibrate whenever the vehicle is started.
- Gauges feature buttons on back to:
 - Set warning levels for minimum and maximum readings.
 - Recall maximum reading.
 - Clear memory.
- Oil Pressure Gauge reads 0-100 PSI, and comes with 1/8" NPT Electric Sender and 1/4" NPT Brass Adaptor.
- Water Temperature Gauge reads 100-260 Degrees Fahrenheit, and comes with 1/8" NPT Electric Sender, 3/8" and 1/2" NPT Brass Adaptors.
- Voltmeter Gauge reads 8-16 Volts.

PART	DESCRIPTION AND APPLICATION	PRICE

Newport AM/FM Stereo

38-8595

The Retrosound Newport Stereo is a direct-fit solution for vehicles with 1.5 DIN dash openings. This radio looks like the original radio but offers the most modern high-tech features including iPod interface, built-in Bluetooth connectivity, dual USB ports and two auxiliary inputs for portable devices.

Dual color (amber or green) illumination and backlighting enhances the Newport's look in your dash. The Newport features a built-in 25 watts x 4 channel RMS power amplifier, plus front

55-0205

and rear RCA outputs and subwoofer output for adding external amplifiers. A Stereo Install Kit is required for installation; sold separately.

- 1.5-DIN digital media receiver (does not play CDs)
- 30 AM/FM station presets
- High power 25 watts x 4 channels RMS amplifier
- Dual color (amber or green) illumination
- Dedicated iPod and iPhone interface
- Built-in Bluetooth connectivity (microphone included)
- MP3 and WMA music file playback capability
- Inputs: front and rear USB ports; front and rear auxiliary inputs
- Outputs: 6-channel preamp outputs with stereo subwoofer output

8" Powered Subwoofer

1 Year Warranty

#38-8527 97-06

\$199⁹⁵

This 8-inch powered subwoofer is an excellent addition to your vehicle's audio system and is compact enough to install conveniently without sacrificing valuable space. Housed in a rigid die-cast aluminum chassis for better heat dissipation and powered by a built-in 100-watt amplifier, this subwoofer is able to reproduce frequencies down to 35Hz. Features include a fully adjustable crossover network between 50-100Hz, independent gain (volume) and 0 or 180-degree phase control. The subwoofer can be connected to your radio with low level input RCA connectors or wired directly to your radio through the high level input using the supplied wiring harness.

- Aluminum enclosure for optimum heat dissipation.
- Output power: 100 watts RMS/200 watts max.
- Dimensions: 9" x 2.75" x 13.75". Weight: 9 lbs.
- Mounting brackets and wiring harness included.
- Includes wired remote bass control.
- Frequency response: 35-100Hz.
- Total harmonic distortion: 0.08%
- High/low level inputs.

Quad 4 Amplifier

#38-8569 97-06

\$179⁹⁵

Give your speakers the punch they need and your ears the immersive sound and clarity they deserve by upgrading your audio system with the Quad 4 Power Amplifier. The efficient and powerful low distortion Class D Quad 4 Amplifier pushes 45 continuous watts into four channels for a total of 180 watts of pure listening enjoyment. Its small size allows it to be mounted virtually anywhere, saving precious storage space and keeping that clean stock look.

The Quad 4 Amplifier can be plugged directly into any Retro Sound radio for easy system integration or can be used with any aftermarket stereo with the included front and rear RCA connectors and low level inputs.

- Full Range Class D technology: 45 Watts RMS x 4 into 4 Ohms (55 peak)
- Ultra-low current draw
- Less than .2% total harmonic distortion
- Frequency response: 10Hz-40kHz
- 100Hz High-Pass Crossover Frequency
- 15 Amp Fuse included
- Compact Size: 7.16" x 2.9" x 1.78"

Do-It-Yourself Truck Car Alarm System Kit

#38-1224 97-06

\$39⁹⁵

- Alarm Systems designed for simple installation. Black wire to chassis ground and red wire to 12V constant power source.
- Comes with alarm siren and 2 code learning transmitters.
- Built-in 2-stage shock sensor triggers alarm when door is opened, breaking glass or voltage drop in electrical system.
- Built-in current sensor can detect door open and ignition on.
- Remote current sensor delay time setting (8 seconds up to 4 minutes).
- Alarm System has remote 8-level shock sensitivity setting.
- Remote arm/disarm with chirp.
- Alarm transmitter button for panic mode or for finding your truck in a crowded parking lot.

12-Volt Accessory Power Outlet Kit

#36-3588 97-06

\$9⁹⁵

Use this Accessory Power Outlet Kit to power any 12-volt accessory. Mounts easily under the dash with the included mounting bracket or installs into any 1-1/8" hole. Kit includes power outlet, cap and mounting hardware.

Headlight and Fog Light Protection Film

Protect your lights from the hazards of the open road with Headlight and Fog Light Protection Film. Made from scratch-resistant, 30-mil thick press-polished PVC material that features a UV inhibitor to prevent shrinking and discoloration combined with the strongest optically clear adhesive available for maximum durability and distortion-free light transmission. These light protection films were tested under the harshest of conditions. They have proven to withstand a barrage of 1" diameter stones at speeds up to 120mph with no damage to the lens they protect. Kit contains pre-cut film, installation squeegee and instructions.

Projector Fog Light Sets

Projector fog lights not only enhance the look of your truck, they also provide improved safety by focusing the light pattern on the road farther than traditional fog lights. A convex lens projects the light accurately on the road, giving you better vision and minimum glare.

They feature high-quality die cast housings and are designed to plug directly into your original fog light sockets. LED accent lights can be wired directly to any 12-volt light circuit.

They feature LED Halo Rims, which circle the fog lights, that make these Projector Fog Lights truly cool.

LED Utility Light Bar

37-7495

LED Utility Light Bar provides more light for your cargo area and features two removable flashlights for even more versatility when you need it most. Each rechargeable flashlight features four operating modes and an integrated hook to allow easy placement. The flashlights charge as the vehicle is running and can be used four to six hours, based upon function used. Mounting tape and instructions are included.

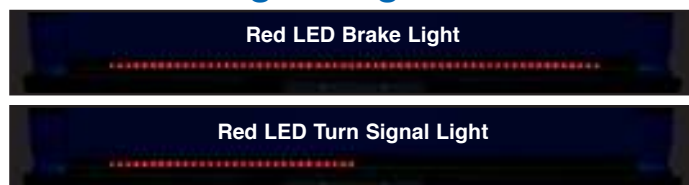

- 50" long with 90 high output LED lights in the main body and 21 in each flashlight.
- Two rechargeable flashlights with integrated utility hook.
- Four operating light modes: flashlight, work light, combo and flashing.
- 3.5 hours charge time; 4 to 6 hours run time.
- 300mA draw at 12.8V. 7W output at 12.8V.

LED Tailgate Lights ... For Increased Safety with Style

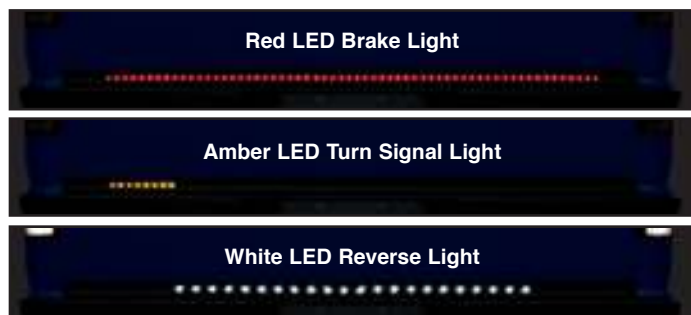

Red LED Tailgate Light

LED Tailgate Light turns on with your tail lights, brightens with your brake lights and flashes with your turn signals. Mounts neatly in the space between your tailgate and bumper with the included self-stick tape; no drilling required. Simple hook-up with the attached 4-prong adaptor that connects to your factory hitch plug or can be hardwired, if required.

37-7328	LED TAILGATE LIGHT-RED-49"	DAKOTA	97-06 (1)	\$39.95
---------	----------------------------	--------	-----------	---------

3 Color LED Tailgate Light

Add more style and visibility to your truck with a 3 Color LED Tailgate Light. Mounts in the space between your tailgate and bumper with the included self-adhesive tape; no drilling required. Includes 4-prong adaptor for easy hook-up to your factory hitch plug or can be hardwired for a permanent solution. A power and reverse light wire will need to be connected to the control box for proper function. Get noticed and be safer with style. Call or go online and order yours today!

- Full-length, dual-brightness red LEDs for running lights and brake lights make your truck safer and more visible.
- Outer amber turn signal LEDs clearly let others know of your intentions.
- A wide center section of white LEDs for reverse lights alerts others behind you that you are backing up.

LED Tail Light Sets

New technology previously only on high-end luxury cars is now available for your truck! In addition to looking stylish, these tail lights quickly alert other drivers of your intentions. LEDs illuminate 140 times faster than conventional incandescent bulbs. This translates to a gain of 20+ feet of reaction distance!

LED lights are longer lasting; they can last up to 20,000 hours. They have no filament, which means they are less sensitive to vibrations caused by potholes and other uneven surfaces and they emit less heat than incandescent bulbs. LED lights use only 15% of the energy required by incandescent bulbs, reducing the load placed on your truck's charging system.

These tail lights are a direct replacement for stock tail lights and are made to factory specifications so they require no modifications to fit. They feature LEDs for brake lights, parking lights and turn signals and include stock bulbs for the backup lights. Stop replacing burnt out bulbs and call or go online and order your LED Tail Light Set today!

Custom Light Bulbs ... Choose Your Way to Light Up the Night

Halogen Blue-Coated Headlight Bulbs

Halogen Bulb Tech Tip: Always handle a halogen bulb by the plastic base to prevent contaminants on the glass from shortening the life of the bulb.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which is popular in today's new cars and trucks. Get the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

Superwhite Bulb Set Produces 30% More Light

Superwhite headlight bulbs put out up to 30% more light while retaining the street legal wattage which means more light on the road! Superwhite headlight bulbs use a proprietary mixture of premium gases that includes Xenon, whereas standard halogen bulbs use less efficient argon gas. The use of premium gases cools the light filament improving the efficiency and light output of the bulb.

Superwhite headlight bulbs operate in the Kelvin color temperature range of 4000-4200K producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K which emits a more yellowish appearance. Superwhite headlight bulbs are sold in sets of two. Call or go online and order yours today!

LMC Truck Cover ... Who Knew Protecting Your Vehicle's Finish Could Be So Inexpensive !

LMC universal fit truck covers provide protection from acid rain, dust, tree sap, industrial pollutants, harmful UV rays, animal traffic and bird droppings. Cover is not affected by temperature extremes. Fabric will not stretch or shrink and naturally resists rot and mildew. Elastic is sewn into the front and rear hems to ensure a snug fit. Truck covers will actually pay for themselves by reducing the number of times you'll need to wash and wax your vehicle.

In summer a cover keeps the interior cooler and helps protect from the sun's damaging rays, which can cause fading and deterioration. In winter it can keep the snow and ice off your glass and finish.

Start protecting your truck's finish from the elements, call or go online and order your truck cover today.

Antenna must be removed or an antenna grommet attached to your cover before use. See below for more information on antenna grommet.

LMC 1000 **GOOD** \$59⁹⁵ each

For Moderate Weather Conditions

- Durable synthetic fabric has the look and feel of more expensive covers.
- Water resistant, yet breathable.
- Double-stitched seams for strength.

Dodge SUV

#38-8807 Durango 1998-06

Antenna Grommet

30-1283

\$2⁹⁵ each

Eliminate the need to remove the antenna each time you install your cover. Once attached to any size cover, this soft rubber antenna grommet will easily fit over any antenna mast up to 1/2" in diameter. Made from soft rubber, the antenna grommet won't scratch or damage the finish on your vehicle. Includes easy-to-follow instructions.

LMC 3000 **BETTER** \$99⁹⁵ each

Superior Protection at a Great Value

- Soft cushioning layer protects your paint.
- Superior breathable 3-layer synthetic fabric is highly water resistant, even during downpours.
- No-leak construction achieved through ultrasonic welding.
- UV-stable materials ensure a long life.
- Ideal for long-term vehicle storage.

Dodge SUV

#38-8817 Durango 1998-06

Truck Cover Lock Kit

38-3195

\$7⁹⁵ each

Keep your truck cover from being ripped-off by thieves or high winds with this security cable and lock. Sides of LMC Truck Covers are equipped with plastic grommets to accommodate the security cable.

LMC 4000 **BEST** \$169⁹⁵ each

Best Protection for Your Truck

- 4-layer synthetic fabric has fleece-lined bottom layer to protect fine automotive finishes.
- Durable outer layer, breathable 2nd layer, protective 3rd layer, soft fleece 4th layer.
- High water resistance - virtually waterproof yet breathable.
- Ultrasonic welding seals seams tight.
- Patented UV Stabilizer is used to ensure a long life.
- Ideal for long-term vehicle storage.
- Tie-down strap and buckle attached with strap pocket built into cover for easy storage.

LMC Truck Synthetic Chamois

38-1229

The LMC Truck Synthetic Chamois is made from a unique Polyvinyl Alcohol (PVA) material. The extremely soft, sponge-like material gives it remarkable drying ability. Not only will your vehicle dry quickly, but the Chamois will also leave it lint-, spot- and streak-free over and over again!

The Chamois is ready to use right out of its convenient plastic storage tube. When finished, simply rinse with clean warm water, wring it out (do not machine-dry) and return it to its storage tube even while still damp. Order more than one LMC Truck Synthetic Chamois today!

Typical Uses:

- Great for drying trucks, SUVs, cars, motorcycles and boats.
- Works effectively on chrome, tile countertops and more.
- Use it anywhere you would use a chamois, towel or sponge.
- Resistant to dirt, grease, oil and most chemicals.
- Durable, long-lasting synthetic material measures 26" x 17".

38-1229 LMC TRUCK SYNTHETIC CHAMOIS 26" X 17" \$7.95

Paint Protection Film

Made from rugged, clear, 8-mil thick polyurethane paint protection film that features a clear-coat finish for maximum shine and durability. Once applied, this material is virtually invisible yet helps prevent chipping, scratching and scuffing to the vulnerable areas of your vehicle.

Rocker Panel Protection Film

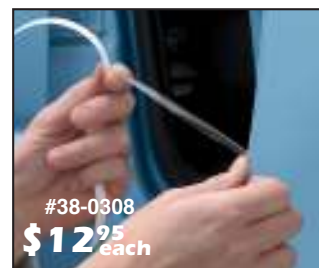

Kit contains two 9" wide x 15' rolls, installation squeegees and instructions.

Threshold Protection Film

Kit contains 2-3/4" wide x 5' roll, installation squeegee and instructions.

Door Edge Protection Film

Contains 3/8" wide x 12' roll and instructions.

Bed Rail Protection Film

Kit contains 4" wide x 17' roll, installation squeegee and instructions.

Stainless Steel Bull Bars

These Stainless Steel Bull Bars are constructed from 3" diameter heavy wall tubing and polished to a mirror-like finish. Bull Bars include brushed stainless steel skid plate and feature mounting points for two halogen driving lights. Instructions and hardware included for an easy bolt-on installation. Call or go online and order yours today! *Lights sold separately, see right. For ease of installation, lights should be installed before installing bull bar. Front license plate relocating bracket sold separately.*

Driving lights provide a longer, more focused beam pattern for improved long-range vision.

- Reinforced steel housing features a black finish with an adjustable chrome mounting bracket and a 10mm mounting stud.
- State-of-the-art reflector, in combination with a strong semi-hardened crystal glass lens, gives you maximum light output from a 4-1/2" diameter light.
- Includes high efficiency halogen 12V 55W replaceable bulbs.
- Lights are complete with illuminated push button switch, 12-volt relay, all necessary wiring, mounting hardware and protective lens covers.

PART	DESCRIPTION AND APPLICATION		REQD	PRICE

Custom Flexible Chrome Trim ... Design it – Cut it – Install it

Add a unique custom chrome look to your vehicle with this Flexible Universal Chrome Trim ... the ultimate Truck or SUV Trim. Now you can design accents and trim on your vehicle in the traditional patterns or create a unique custom look; it's your choice. Use a combination of any of the kits to achieve the look you want.

- The Chrome ABS Trim is easily cut with a pair of sharp scissors and features 3M™ peel-off backing for super strong adhesion.
- Scratch Resistant - UV Coated - Bright Chrome Finish.
- Pattern material is included for design and fitment of the flexible chrome laminate. Use the sandpaper in the kit to clean up any edges or corners. This fun project will make your truck or SUV stand out from the rest.
- Available in four widths.

Design it – Cut it – Install it! Just peel off the protective cover then stand back and admire your custom accents and trim. Always double-check all measurements of materials needed for your design for your vehicle against available sizes of kits.

Side Window Deflectors ... Keep Your Window Open and the Weather Out

Made from durable ABS plastic which will bend but not break, absorbs road vibrations without fracturing. Will not discolor, fade or become brittle due to UV rays. Will not scratch or peel because it is not a laminate or painted on, but is infused into the plastic to give a hard, smooth finish.

Withstands exposure to rough conditions and extreme temperatures. Installs using 3M™ tape, included with set.

Switch-Ball™ Set and Accessories

37-7433

37-7437

Switch-Ball™ Set - Change between three different trailer hitch ball sizes quickly and easily with the Switch-Ball™ Set. There is no attachment pin to remove or tools required to switch ball sizes. Weight ratings for each hitch ball size are as follows: 1-7/8" = 3,500 lbs., 2" = 6,000 lbs. and 2-5/16" = 8,000 lbs. Switch-Ball™ is constructed from premium grade steel with nickel-chrome plating for long life.

The exclusive 'J' Groove design ensures that when the ball is installed on the shank and engaged by a coupler, the hitching system is safe and secure. The weight bearing capacity rests on the shank to take the stress away from the ball, which will free the coupler from friction and binding, thus resulting in smoother and safer towing.

Switch-Ball™ Shank Cover provides protection from the elements when not in use.

LED Hitch Light

37-7443

The LED Hitch Light improves rear visibility when backing up or when connecting to a trailer. The light installs on a 2" hitch receiver, features an integrated weatherproof on/off switch and can easily be removed with the quick disconnect connector when not needed. Made from rugged ABS plastic, the LED Hitch Light features dual 12 LED light arrays with 168 lumens of light output and a current draw of only .224 amps. Measures 8"W x 3-1/4"H x 3"D. Wiring harness and instructions included.

Rail-Guards Provide Protection for Your Truck's Bed Rails

Rail-Guard is an innovative way to protect your truck's bed rails. It's made of impact absorbing heavy-duty vinyl and can be installed in just minutes, with no drilling required. The full width 3M™ adhesive over the entire backside ensures maximum holding and means condensation and dirt cannot get under the Rail-Guard.

Rail-Guard can also be used on running boards, rocker panels and in other applications where an attractive protection strip is needed.

Rail-Guard Set is a 22 foot roll of 3-3/4" wide vinyl for bedsides and tailgate with a 6 foot roll of 1" extrusion for the front bed panel. Tailgate Guard is a 6 foot roll of 3-3/4" material. Must be sized and cut to fit.

55-9783	TRI-FOLD TONNEAU COVER QUAD CAB	05-06 (1)	\$429.95*

A **Tonneau Cover** is the most economical way to protect your cargo. The heavy-duty vinyl cover keeps your valuables out of sight. The black enameled aluminum frame clamps to your truck bed so there's no need to drill any holes and the frame does not attach to the tailgate so it can be opened as needed. Smooth, aerodynamic profile improves gas mileage by as much as 10%, and saves you money.

This Tonneau Cover features special reversible snaps, which allow you to adjust tension to compensate for weather conditions. Position the snap stud low for a tight fit in hot weather or reverse the snap stud to high for looser fit in cold weather. Corners and snaps are backed with thick polymer to maintain smooth, good looks in any weather. Strong and durable fiberglass reinforced nylon snaps will not break.

The large, adjustable bows aid in shedding rain and snow and are easily removed to haul bulky items, then easily reinstalled. Locking corners allow easy removal of the tail rail for quick access to haul longer loads. The vinyl cover comes with a 10-year warranty and the frame has a lifetime warranty.

The **Tri-Fold Tonneau Cover** design allows quick, easy installation and removal. The attached straps allow it to be open and safely secured at the cab while driving, or conveniently removed and stored for full bed usage. There are no tools necessary. The Tri-Fold attaches at the cab section by tightening the threaded clamps with built-in heavy-duty handles. At the tail section, the Tri-Fold fastens and releases with spring-action clamps. The Tri-Fold also features double pivot hinges with center link and seals at all contact points to protect your truck's finish and keep out the weather and dust. The steel corner brackets, commercial grade black rails and I-Beam style bows provide strength as well as good looks. The Tri-Fold features a lifetime frame and 10 year vinyl cover warranty.

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Sliding Rear Window ... Easy Single Hand Access

Sliding Rear Window gives the widest possible opening for great airflow and convenient access to your bed. These three panel Sliding Rear Windows are complete with tight sealing weatherstrips to protect the interior of your cab. Features tempered glass, black frame and locking latches for safety and security.

The rear window on 1997-06 Dodge trucks is attached with urethane adhesive. Professional installation is required. Contact your local glass installer for installation.

56-8334

Enhance the appearance of your truck with Chrome Wheel Covers. Engineered to match the shape and design of your OE wheels for a perfect fit. Wheel Covers simply snap into place and fit like a glove over your stock wheels. Instantly transforms your OE wheels from stock to chrome.

This is the fastest, easiest and least expensive way you can add chrome wheels to your ride. Covers fit only the sizes and styles shown, check yours before ordering.

- Constructed from high-impact ABS.
- Triple chrome plated.
- Fast and easy installation.

Exterior Trim Paint

ColorBond Exterior Trim Paint has all the innovative features of ColorBond Interior Paint but is specially formulated to provide a stronger, more durable bond for exterior trim use. Exterior Trim Paint delivers a superior finish to exterior trim plastics and painted metal trim including: bumpers, mirrors, fender flares, wiper arms and window trim. Each 12 ounce can covers 6 square feet. Use ColorBond Adhesion Promoter #37-8395 prior to application for a long-lasting finish.

37-8362	EXTERIOR TRIM PAINT-SILVER	12 OUNCE	\$17.95

Brake Drum and Caliper Paint System

This is the most complete and easy-to-use paint kit available and includes everything necessary for a professional application. Applies easily as a brush-on to add a great styling touch and outstanding protection to your calipers or drums. System includes two-part paint, high performance brake cleaner, mixing can, stirrer, application brush and a color decal.

- Two-part paint offers extremely high heat resistance, up to 950°F.
- Brake fluids, road salt, oil and even loose gravel can't harm the durable high-gloss finish.
- Easier to apply and dries much harder than any spray-can product.
- Easy brush-on application does not require caliper or drum removal.
- Oil and chemical resistant high-gloss finish.
- One system will cover up to four large calipers or two drums.
- Seals and protects with style.

PART	DESCRIPTION AND APPLICATION		PRICE
37-8360-BL	DRUM/CALIPER PAINT-BLACK		\$44.95
37-8360-RD	DRUM/CALIPER PAINT-RED		\$44.95

Filtercharger Kit ... Maximizes Airflow for Instant Throttle Response

The K&N Filtercharger Injection Performance Kit will provide fully maximized airflow potential. More air means more usable power and torque throughout the engine's rpm range.

- Allows your vehicle's engine to inhale a larger volume of air than the OE air filter assembly.
- Dramatically reduces intake restriction as it smoothes and straightens airflow.
- Instant throttle response, better acceleration, instant power and ease in lane changing and passing.
- Designed to replace the original air filter case
- Won't jeopardize important emission standards.

Kits are easy to install with no drilling, cutting or fabrication, usually in 30 minutes or less.

56-0013

Powr-Flo Throttle Body Spacers

Powr-Flo Throttle Body Spacers are CNC-machined from billet aluminum and feature a bore that has been engineered to increase the velocity of airflow into the intake manifold. By delivering the air with more velocity, more air reaches the combustion chamber for a denser air charge. This design results in improved throttle response and impressive power gains in mid-range and upper rpm operating ranges. In addition, the increased airflow results in better overall fuel efficiency. Includes gaskets, hardware and instructions for a simple, bolt-on installation with no other vehicle modifications required. Fully compatible with other performance upgrades such as performance air filters, air intake kits, exhaust system modifications and mass air flow sensors.

56-0106

PART	DESCRIPTION AND APPLICATION	REQD	PRICE

Throttle Body Spacers ... Enhance Power and Fuel Efficiency

Throttle Body Spacers improve performance and fuel economy. The Throttle Body Spacer causes the fuel to travel further, which improves fuel dispersion, making it easier for the fuel to ignite and burn thoroughly.

- Increases throttle response.
- 10-15% improvement in torque.
- Increases gas mileage up to 8%.
- Will not affect computer function.

This is the easiest and least expensive way to get more power out of your engine. Installs easily between your intake manifold and throttle body.

Performance Air Filters ... Increased Horsepower and Torque

Performance Air Filters

56-0065

Improve performance just by changing to a K&N Performance Air Filter. K&N filters are designed to achieve high, virtually unrestricted airflow while providing excellent filtration for long engine life. More air means more horsepower and faster throttle response.

Unlike other filters you use and throw away, K&N filters clean easily and are reusable for the life of your engine. Filters carry a one million mile limited warranty. These filters are replacements for your stock air filter.

CodeScout 2500 Code Reader For Your Computer Controlled Truck

38-1312

Is your check engine light on and you don't know why? Have you checked everything under the hood several times and still don't know what is wrong?

Newer trucks may look complicated under the hood with a maze of wires, tubes and computer controls. But they are simpler than you think when you have the right tool. The CodeScout Code Reader can tell you what is wrong without even lifting the hood.

The CodeScout allows you to plug into your truck's computer and get the same information as the dealer service technician. Simply plug into the computer connector, punch a few buttons and the CodeScout will tell you what is wrong. If there is a problem detected by the engine computer the CodeScout will retrieve the code from your truck and tell you what it means in plain English. Now anytime

the check engine light is on you have the ability to diagnose it yourself and decide if you want to fix it or take it to a repair shop. When the problem is fixed, the CodeScout can even reset your check engine light.

This is the fastest and easiest way to diagnose and fix problems on your computer controlled truck.

CodeScout Features and Specifications:

- Multi-line text and graphic display with contrast control.
- Displays current and pending trouble codes in English or Spanish.
- On screen definitions of trouble codes from built-in OBD-II library.
- Displays readiness monitors for emission components evaluation.
- Resets check engine light.
- 4 AA battery powered with data save to review data off vehicle.
- Retains the most currently scanned vehicle's data and configuration.

Includes cables, removable rubber protective boot, printed manual, CD with code descriptions and manual, batteries and soft carrying case. CodeScout Code Reader can be used for more than just your truck. Works on all computer controlled domestic OBD-I vehicles 1982-95 and all OBD-II vehicles 1996 and later.

38-1312 CODESCOUT 2500 CODE READER OBD-I & OBD-II 82-ON (1) \$249.95

EZ Oil Drain Valve

EZ Oil Drain Valve allows you to quickly change your oil with little to no mess. The innovative design is more compact than other oil drain valves and there is no lever to catch on obstacles. It doesn't require any adaptors and is easily installed with a socket or wrench. The aluminum crush washer (included) ensures a tight, leak-free seal. The highly visible orange top makes it easy to locate under the engine and has a knurled surface for slip-free operation.

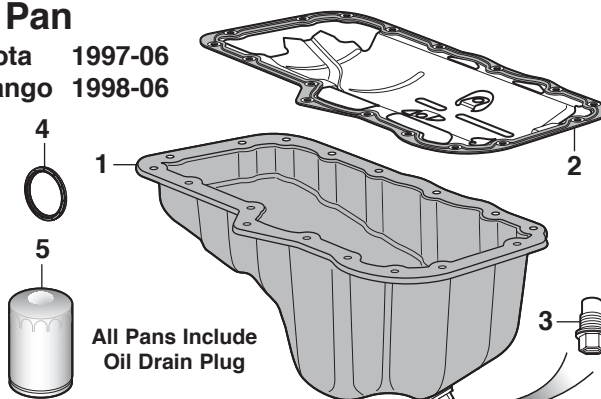

EZ Oil Drain Valve is simple to operate; just push in the cap and twist to the right to open for draining. Once all of the oil is drained, push in again and twist to the left to close. The spring-tensioned, double o-ring seal guarantees a long, leak-free life. Makes oil changes quick, clean and easy to do, saving you valuable time.

54 GLOVES / SEALANTS / ADHESIVES / LUBRICANTS

Disposable Black Nitrile Gloves

Tough enough to withstand exposure to grease, solvents and oil, they have three times the chemical and puncture resistance of a comparable thickness vinyl or latex glove. These gloves feature a fully textured finish for better grip and two-ply construction for a comfortable fit. Sold as a box of 100.

Keep your hands clean and protected while working on your vehicle and other projects with these Disposable Black Nitrile Gloves. Made from a durable, powder-free 6 mil thick patented material, they offer superior strength and tear-through resistance.

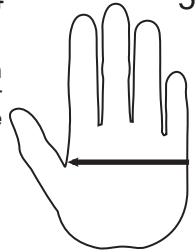

Glove Sizing:

Place your hand on a flat ruler with your index finger next to the zero line:

3-1/2" = Medium

4" = Large

4-1/2" = X-Large

PART	DESCRIPTION	PRICE
38-0712-M	MEDIUM 100 GLOVE PACK	\$12.95
38-0712-L	LARGE 100 GLOVE PACK	\$12.95
38-0712-1X	X-LARGE 100 GLOVE PACK	\$12.95

Sealants, Adhesives and Lubricants

Loctite Ready Gasket makes leak-proof gaskets for temperatures from -75°F to 450°F. Blowout resistant, sensor-safe and ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more.

PART	DESCRIPTION	PRICE
38-0767	READY GASKET 4 OZ CAN	\$14.95

Loctite RTV Red is a high-temperature silicone gasket maker and adhesive. It forms a tough, flexible seal that is resistant to most chemicals without hardening, shrinking or cracking. RTV Red has a temperature range of -75°F to +600°F and is sensor-safe.

PART	DESCRIPTION	PRICE
38-0774	RTV RED 2.7 OZ TUBE	\$4.95

Loctite Viper Lube is a high-performance synthetic grease that provides superior lubrication and protection on bearings, hinges, latches, linkage, seat tracks, slides, springs and other automotive applications.

PART	DESCRIPTION	PRICE
38-0768	VIPER LUBE 10.1 OZ AEROSOL	\$5.95

Loctite Freeze and Release instantly freezes rusted and seized fasteners at -45°F. The shock-freeze effect creates microscopic cracks so lubricants can penetrate into the connection, allowing easy separation after 1-2 minutes. Once released, parts remain lubricated and protected from corrosion.

38-0764	FREEZE&RELEASE 13.5 OZ CAN	\$9.95
---------	----------------------------	--------

Loctite Spray Adhesive dries clear with superior bonding strength. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Not recommended for use on headliners.

38-0798	SPRAY ADHESIVE 10.5 OZ CAN	\$7.95
---------	----------------------------	--------

Loctite Rubberized Undercoating is a heavy-duty undercoating that seals, protects and insulates frames, floor pans, wheel wells and other body panels. Rubberized for maximum durability.

38-0766	UNDERCOATING 16 OZ AEROSOL	\$6.95
---------	----------------------------	--------

Loctite Weatherstrip Adhesive is a strong and flexible waterproof adhesive for bonding all types of rubber weatherstripping. Withstands vibration and extreme temperature variations; dries black.

38-0792	WEATHERSTRIP ADHESIVE 5 OZ	\$6.95
---------	----------------------------	--------

Loctite Copper Anti-Seize Stick protects against high-temp seizing and galling of fasteners up to 1,800°F. Perfect for spark plugs, exhaust manifold bolts, thermostat housing bolts and oxygen sensors.

38-0765	ANTI-SEIZE STICK 20 GRAM	\$5.95
---------	--------------------------	--------

Loctite Threadlocker prevents loosening of threaded fasteners caused by vibrations. Seals and protects threads from rust and corrosion. Allows disassembly with standard hand tools.

38-0771	THREADLOCKER .2 OZ TUBE	\$6.95
---------	-------------------------	--------

Loctite Dielectric Grease extends the life of electrical components by protecting them from moisture, salt and corrosion. Also prevents spark plugs from fusing to boots. Use on fuses, battery terminals, ignition components and other electrical connections.

38-0770	DIELECTRIC GREASE .33 OZ	\$4.95
---------	--------------------------	--------

Permatex Windshield and Glass Sealant is a silicone sealant for windshields, windows and other glass. Flows into leaks like water and dries to form a flexible, tough, clear seal that is resistant to extreme temperatures, vibration and most chemicals.

38-0783	GLASS SEALANT 1.5 OZ TUBE	\$5.95
---------	---------------------------	--------

Vinyl Edge Sealer Pen is an ultraviolet light-blocking, fast-drying, clear acrylic sealer that protects the edges of vinyl decals, graphics and the ends of adhesive chrome body moldings. It features a wedge applicator tip for a smooth, even application.

PART	DESCRIPTION	PRICE
38-0921	VINYL SEALER PEN .3 OZ	\$14.95

3M™ Adhesive Tape is a high-performance, double-sided tape for all types of accessories, both interior and exterior. The tape's foam core allows it to expand and contract with temperature changes and to conform to surface irregularities and gaps. Includes three 1" x 12" strips.

PART	DESCRIPTION	PRICE
38-0788	3M DOUBLE-SIDED TAPE	\$8.95

Strip Caulk is a non-hardening, non-shrinking waterproof black caulking material that has great adhesion properties and is temperature resistant from -400°F to +500°F. It's perfect for sealing around hoses, tubing, wiring or any other hole, joint, seam, void or gap on your car, truck or home to prevent fumes, moisture or noise penetration. Strip Caulk is easy to apply and can be painted immediately. Contains twelve 1/4" x 12" strips.

38-0779	STRIP CAULK	\$3.95
---------	-------------	--------

Seam Sealer provides superior adhesion and flexibility without cracking or peeling. Its self-leveling qualities make it an excellent sealer on cowl, floor, doors and wheel house seams. Skin time is 1-2 minutes and can be painted in 30-60 minutes. Applies with a standard caulking gun.

38-0781	SEAM SEALER 11 OZ TUBE	\$9.95
---------	------------------------	--------

Cat-Back Performance Dual Exhaust Systems with Resonator Tips

Performance Dual Exhaust System allows increased performance and maintains catalytic converter. Straight-through design reduces back pressure for increased horsepower, more low-end torque and better fuel economy. Resonator serves as the muffler in these systems.

Systems are made with modern tube benders utilizing mandrel bends, ensuring each bend is smooth flowing, increasing exhaust flow by up to 20% over stock systems.

Manufactured from 16-gauge aluminized steel which lasts longer than conventional plain steel systems. Easy bolt-on installation; no welding required. Hangers, fasteners and steel clamps included. Exhaust exits rear of truck.

Cat-Back System replaces stock exhaust system from the catalytic converter back. Designed to fit long wheelbase models. Front extension pipe may need to be cut, depending on wheelbase of truck.

Cat-Back Exhaust Systems have resonator tips that replace the original muffler and are 50 state emissions legal.

Cat-Back Dual Exhaust System with Stainless Steel Tips

Cat-Back Single Exhaust Systems

System allows increased performance and maintains catalytic converter. Reduced back pressure for increased power, more low-end torque and better fuel economy. Designed with stock type exit behind passenger side rear wheel with single 3" mandrel bent aluminized tail pipe. Includes aluminized, double-wrapped and welded performance muffler.

Manufactured from 16-gauge aluminized steel which lasts longer than conventional plain steel systems. Easy bolt-on installation; no welding required.

#56-0154 is designed to fit long wheelbase models. Front extension pipe may need to be cut, depending on wheelbase of truck.

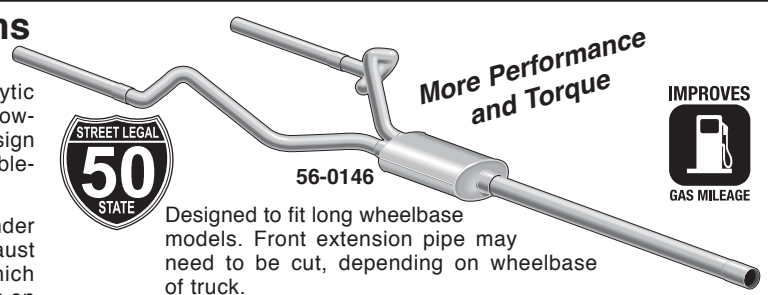

56-0154	CAT-BACK SINGLE EXHAUST SYS	2-1/2" CAT	3.9L 5.2L DAKOTA	97-99 (1)	\$249.95*
---------	-----------------------------	------------	------------------	-----------	-----------

56-0158	CAT-BACK SINGLE EXHAUST SYS	V8 DURANGO	98-03 (1)	\$239.95*
---------	-----------------------------	------------	-----------	-----------

Cat-Back Split Dual Exhaust Systems

System allows increased performance and maintains catalytic converter. Reduced back pressure for increased power, more low-end torque and better fuel economy. Systems are split rear design with 2-1/2" mandrel bent tail pipes. Includes aluminized, double-wrapped and welded performance muffler.

Designed for clearance of original size spare tire mounted under bed. Oversize spares will have to be removed to use this exhaust system. Manufactured from 16-gauge aluminized steel which lasts longer than conventional plain steel systems. Easy bolt-on installation; no welding required. Exhaust exits rear of truck.

Designed to fit long wheelbase models. Front extension pipe may need to be cut, depending on wheelbase of truck.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
56-0146	CAT-BACK DUAL EXHAUST SYS	2-1/2" CAT	3.9L 5.2L DAKOTA 97-99 (1) \$279.95*

Stainless Steel Exhaust Tips

Made from 16-gauge 304 grade stainless steel and measure 15" long with 3-1/2" diameter outlets. Two inlet sizes are available to fit 2-1/4" and 2-1/2" outer diameter exhaust pipes. Exhaust Tips can be welded on or clamped on with #31-0560 or #31-0561 Stainless Steel Exhaust Clamps. Clamps not included with tips and must be purchased separately.

38-6830	EXHAUST TIP-STAINLESS STEEL	2-1/4" BLUNT TIP	\$39.95
38-6831	EXHAUST TIP-STAINLESS STEEL	2-1/4" ANGLE TIP	\$39.95
31-0560	CLAMP-STAINLESS STEEL	2-1/4"	\$11.95

31-0561	CLAMP-STAINLESS STEEL	2-1/2"	\$11.95

Chrome Exhaust Tips

Chrome Exhaust Tips are triple chrome-plated and available in both angle and blunt outlets. They are 9" long and available to fit two sizes: 2-1/4" and 2-1/2" outer diameter exhaust pipes.

Chrome Exhaust Tips can be easily installed with exhaust clamps that are included with tips or welded on for a smoother look.

PART	DESCRIPTION AND APPLICATION	PRICE
38-6834	EXHAUST TIP-CHROME W/CLAMP	2-1/4" BLUNT TIP \$14.95
38-6835	EXHAUST TIP-CHROME W/CLAMP	2-1/4" ANGLE TIP \$14.95

Shorty Headers

IMPROVES

GAS MILEAGE

56-0194

Also Available
in Black

Replace inefficient stock exhaust manifolds and add power and performance with Shorty Headers.

- Increase engine efficiency.
- Easy, bolt-on installation.
- Connects to stock Y-pipe.
- Mandrel-bent, 16-gauge tubing for durability.
- CNC-machined thick steel flanges.
- Flange surfaces milled for better seal.
- 50 state legal.

Available with a black painted finish or ARMOR Coat, a high-temp, metallic-ceramic coating. The ARMOR Coating won't discolor like paint, chrome or dull finish coatings; it reduces under-hood temperatures, resists corrosion and is easy to keep clean.

Header Wrap

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

Available in 25 or 50 foot rolls of 1" or 2" widths. Two 50 foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap securely in place. *Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.*

Headers with tight bends should use 1" wide wrap for coverage.

Overlap wrap 1/4" for optimum heat dissipation.

Thermal Spark Plug Boot Sleeve Set

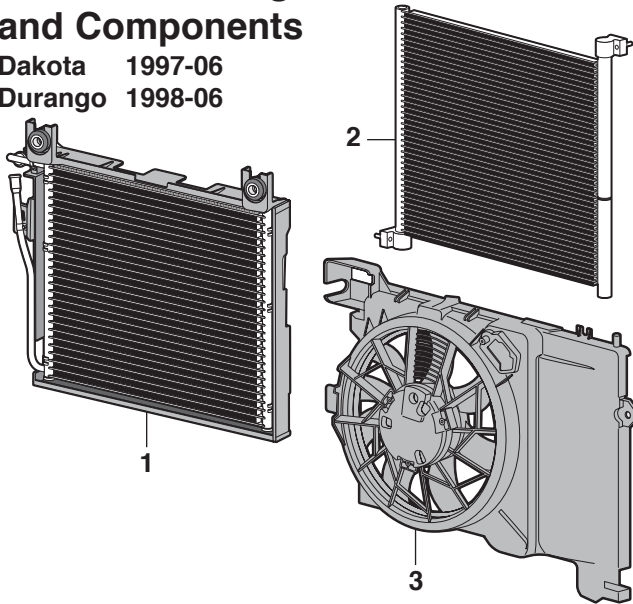

36-6190

Thermal Spark Plug Boot Sleeves provide unmatched thermal protection against hot exhaust headers. Double-layer gray fiberglass sleeves are non-conductive and can directly contact hot surfaces without any harmful effects. Chemically-resistant 3/4" diameter braided sleeves easily slip over any spark plug wire and boot configuration to protect from exhaust temperatures up to 1200°F. Available as a two-piece set. Call or go online and order yours today!

Don't forget! Shocks are an often overlooked and very important part on your ride. Are you experiencing that embarrassing bounce when you hit a dip or bump? Do you experience annoying brake dive or acceleration squat? Limit that unsafe roll or sway when cornering! Regain control of spring and suspension movement. Replace those worn out, leaking old shocks with these affordable Heavy-Duty (HD) Gas-Charged units. Give yourself and your ride a safer tomorrow, today! Keep those tires on the road!

KYB Shock Absorbers ... Driving Control, Even Ride and Performance Handling

56-0291

GR-2 Gas Shock Absorbers: Features lower pressure for riding comfort, with improved handling and response only gas shocks can provide at an economical price. The economical way to step up from hydraulic shocks to the quality ride and control of gas.

56-0267

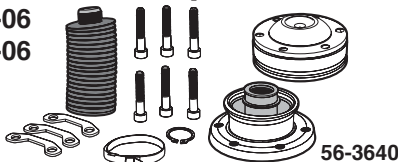

Gas-A-Just Shock Absorbers: Features higher gas pressure to provide unsurpassed control on even the most demanding roads. Eliminates the age old problem of performance fade by eliminating aeration and foaming, a problem with other shocks that use two-tube construction that allows air to mix with fluid.

Heated Windshield Washer Kit

Heat your vehicle's windshield washer fluid to a temperature of 125-135°F and allow for quick, effortless removal of frost, snow and ice this winter. Heated washer fluid extends the service life of windshield wipers by minimizing unnecessary wear and ensures wiper spray nozzles remain clog-free for a consistent spray pattern every time. Suited for year-round use, the heated washer fluid also provides improved cleaning to remove bird droppings, bugs, grime, road film and streaks.

The Heated Windshield Washer Kit installs inline between the windshield washer reservoir and spray nozzles. The wiring connects directly to your vehicle's battery with the included ground cable and fused power cable. The unit begins operation when it senses battery voltage higher than 13.0 volts (engine running). The initial heating cycle takes approximately 30 seconds for the washer fluid to reach 125-135°F. Each time the driver activates the vehicle's factory installed windshield washer system, heated washer fluid is applied during the first 3 seconds of spray time to deliver a 50-60cc spray volume. Each additional 3-second spray of heated washer fluid is available for use within 10-20 seconds.

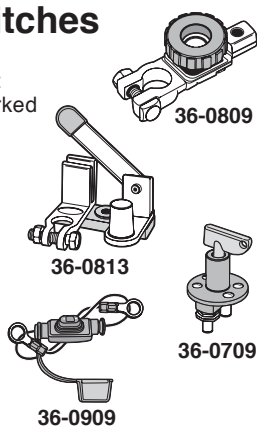

Order yours today and see what a difference the Heated Windshield Washer Kit can make! Kit includes mounting bracket, hardware and instructions.

36-4085 HEATED WINDSHIELD WASHER KIT (1) \$99.95

Battery Disconnect Switches

- Put an end to battery drain
- Effective deterrent against vehicle theft
- Reduced risk of fire while vehicle is parked

Battery Disconnect Switches are easy to install and use. Depending upon the switch, you simply unscrew the knob, lift the lever, or turn the key to isolate the battery from the rest of the electrical system, which reduces the risk of fire while your vehicle is parked. With key or knob style disconnects, the key or knob can be totally removed as an additional deterrent against vehicle theft. A 15-amp Bypass Fuse is available to maintain the settings on your computer, radio, clock, etc., while your battery is disconnected.

Battery Mat

This Battery Mat is made from polypropylene needlepunch felt, a rugged space age product. Its unique construction allows the Battery Mat to trap and contain acid while its powerful neutralizing agents start to work immediately to counterbalance the hazardous effects of the acid. The Battery Mat is safe to handle and takes only minutes to install.

38-1039 BATTERY MAT-BLACK 8" X 12" \$4.95

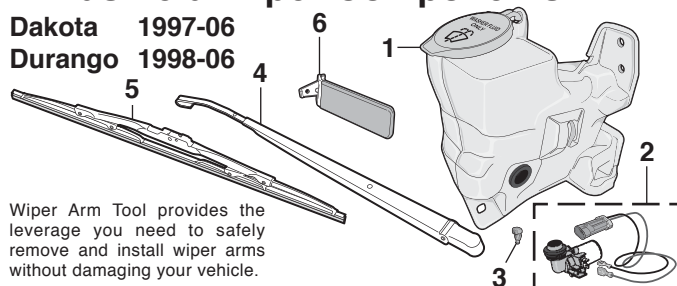

Battery Tap Accessory Circuit Kit

Use the Battery Tap as an easy and reliable way to make direct connections at the battery. Designed to fit positive and/or negative battery terminals. Each Battery Tap provides up to three new circuits. Kit contains two taps and six crimp connectors. The Battery Tap can be stacked to provide additional connection points or can be attached to the vehicle frame for additional grounding points.

36-0847 BATTERY TAP KIT-TOP POST \$4.95

Amplified Hide-Away Antenna

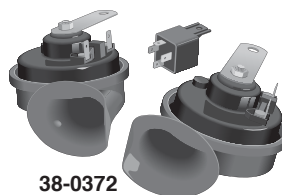

38-1145

The Amplified Hide-Away Antenna allows you to get great AM/FM reception without having to use a standard fender-mount or window antenna. It uses active magnetic field circuitry for enhanced radio reception and can be installed almost anywhere in your vehicle, thanks to the 105" cable. Connects to a standard antenna plug and the radio's power antenna wire (if equipped) or a switched 12V positive power source. Never worry about a stolen or damaged exterior antenna again.

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmctrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 562-8782, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

- T** - After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of 48 states will be quoted. Due to packing and/or transportation requirements, please allow additional time for delivery.
- * - After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- Z** - After a part number means Remanufactured Part. Core charge will be applied then refunded after receipt of a rebuildable core.
- R** - After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of \$20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than \$1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us UPS or USPS within the 48 contiguous states, you don't need to call for authorization. Just send it to us at:

14600 W. 107th Street, Lenexa, KS 66215

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the UPS ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 562-8782

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

We will not accept C.O.D. returns.

Gift Cards Now Available

Call (800) 562-8782 to Order

Available for \$25 - \$50 - \$75 - \$100

- Gift Cards are the perfect gift to ensure you are giving exactly what they want!

- Orders must be pre-paid. Orders received before 3:00 p.m. Central Time will ship same day.
- Gift Cards can now be redeemed through the mail or by phone.

What You Need to Know About Shipping within the 48 Contiguous States

We do our best to keep our shipping charges as low as we can. However, some items we carry need some extra space or special handling, so these may require extra charges to ensure they get to you in the most reliable, safest way. Please check your shipment as soon as you can to make certain that everything is accounted for and nothing is damaged. We do everything in our power to ensure your product arrives undamaged.

Shipping charges are based on the "Parts Total" on your order. This chart shows the basic charges for Ground, 2nd Day Air (for delivery the second business day after the order is placed), and Next Day Air (for delivery the next business day) for shipments to the contiguous 48 states. Exceptions are listed below. Limitations may apply.

Order Parts Total	Ground Delivery / UPS	2nd Day Air	Next Day Air
Up to \$20.00	\$ 8.75	\$ 26.75	\$ 45.75
\$20.01 to 50.00	10.75	30.75	52.75
50.01 to 75.00	13.75	36.75	60.75
75.01 to 100.00	18.75	45.75	70.75
100.01 to 150.00	23.75	58.75	83.75
150.01 to 250.00	27.75	65.75	91.75
250.01 to 350.00	31.75	72.75	105.75
350.01 to 500.00	34.75	78.75	118.75
500.01 to 1000.00	37.75	Quote	Quote
1000.01 and Up	Free UPS Ground ▼ Free Truck Freight ▼	Quote	Quote

If you are ordering Oversized Parts (indicated with a * throughout this catalog), or if you are placing an extra large order, please allow for extra packing and delivery time.

In order to qualify for the free Ground shipping or free Truck Freight, your entire \$1000+ order must be placed at one time. We may have to split your shipment, but we will pick up the shipping charges.

If you want delivery by 2nd Day or Next Day Air, your order must be in by 3 p.m. Central Time, Monday through Friday. This service is available only within the 48 contiguous states and not allowed to P.O. boxes or APO/FPO addresses. There are some limitations on what we can ship by air, based either on size of the products or the items themselves (ORM, Other Regulated Material, such as adhesives are not allowed on air shipments, for example). Oversize Parts (*) are not available for air delivery. Delivery can't be guaranteed on holidays. Backorders will be shipped ground when those products arrive at our warehouse unless other arrangements are made.

If you'd like Saturday delivery and are within the contiguous 48 states, we must receive your order by 3 p.m. Central time on Friday. A \$15 charge will be added to your Next Day Air charge. Unfortunately, this service is not available in all areas or with all addresses. Please call our customer service line for assistance with Saturday delivery. Truck Freight and Oversized Parts are not available for Saturday delivery.

Customer Service Line: (800) 562-8782

If you are shipping within Kansas, you will be charged state and local taxes. This also applies if you pick up your order in person at the City Counter, unless you have a Kansas State Resale Exemption form on file with us.

C.O.D.s are allowed, under these conditions: There is a \$12.50 fee for all C.O.D.s. You must pay by cashier's check or money order at the time of delivery. You must provide a delivery address where someone will be available 8 a.m. to 5 p.m. the day of delivery. No Truck Freight items, APO/FPO addresses, Air Delivery, or postal delivery orders. Undelivered or refused C.O.D. orders will flag your account, and future deliveries must be prepaid.

What You Need to Know About Shipping to APO and FPO Addresses

We are thrilled to be able to ship to those who are serving our country; however, there are some limitations on these shipments. We are unable to ship C.O.D. orders or Truck Freight items to you at this time. All orders will be shipped complete, via Insured Priority Mail through the USPS. Size limitations will apply. Please make sure before you place your order that what you are ordering will be accepted and is deliverable to you in your location.

What You Need to Know About Shipping USPS Priority Mail to Alaska, Hawaii and the U.S. Territories

This chart shows shipping charges on orders up to \$500 that qualify to ship USPS Priority Mail. Parts must be 108 inches or less and weigh 70 pounds or less to qualify for USPS Priority Mail. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

Order Parts Total	USPS Priority Mail Alaska, Hawaii & U.S. Territories
Up to \$20.00	\$ 19.95
\$20.01 to 50.00	25.95
50.01 to 75.00	36.95
75.01 to 100.00	41.95
100.01 to 150.00	45.95
150.01 to 250.00	54.95
250.01 to 350.00	65.95
350.01 to 500.00	71.95
500.01 and Up	Quote ♦

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges.

♦ You will be contacted with charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know About Shipping to Canada

Your orders will be shipped UPS "Door to Door," which includes brokerage, duty and tax. Charges will be based on the value of your shipment. Document and preparation fees are included. Please call our customer service line for assistance.

What You Need to Know About Shipping Internationally

All of our international orders ship complete. All charges must be prepaid in U.S. funds, including all transportation, brokerage, duties, taxes, and fees associated with your order. We do not accept personal checks on international orders.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping a Rebuildable Core Part

Without the constant inflow of rebuildable cores, items can become discontinued and unavailable.

Some items carry a Core Charge which can be reimbursed by your sending in a core that can be rebuilt into a usable part for someone else. These items are marked throughout the catalog with a -Z in the part number. In order to get your Core Charge refund, the part you send in must be clean, complete and rebuildable according to the standards set on that item's catalog page.

Please send us the core part back with a copy of your invoice. If your core is acceptable, we will refund your money in the same way that you paid the Core Charge plus any shipping charges. To be reimbursed for your core return shipping charges, please include a copy of your shipping receipt.

We will not accept C.O.D.s on cores. However, we appreciate your willingness to participate in this program.

PART #	DESCRIPTION	QTY	PRICE EACH	TOTAL

If you want to use a credit card, we accept Visa, Mastercard, American Express and Discover. We do not charge your account until the items are shipped. The invoice you receive is your record of that payment.

If you want to use a check by phone, we will need your account number and bank routing number when you call. If you are using this method for the first time, we will need 72 hours to process it.

If you want to pay by C.O.D., we will require a cashier's check or money order at the time of delivery. Please read through the C.O.D. information on our shipping page.

If you want to purchase a Gift Card, please call our customer service line at (800) 562-8782. If you wish to redeem a Gift Card, we accept them with phone orders or prepaid orders. At this time, Gift Cards cannot be redeemed online.

Please hold on to your invoice, as it is your record for your order. You will need it for any refunds or warranty questions that may arise.

Refunds will be made in the same manner as payment.

Nicknamed "Redemption"

Jamie Perna with His 1999 Dodge Dakota

I bought my first truck while a junior in high school during the spring of '08. It was a '97 Dakota SLT Club Cab 4x4 auto and the 5.2L and Emerald Green Pearl Coat paint. Sadly, it was totaled in 2011 after a head-on collision with a Toyota Avalon. The Dakota won that battle, but the war was lost. Both vehicles were totaled.

The week before the accident, I had purchased an '89 Honda CRX HF as a 50mpg daily driver. The Honda needed some paint and body work

to be roadworthy. I drove this Honda around for months, and looked for a truck on and off until one day at work I found one on AutoTrader! Same color, engine, drivetrain and trim level ... I just had to have her.

Well, that time came. One day, February 18, 2012, my dad, fiancée of four days and I drove up to Madison, Ohio, where we test-drove/rode and looked over the new truck: a '99 Dakota SLT Plus with all the same options and features as before. I've designated the nickname "Redemption" to the new truck, as I was redeemed for what happened eight months prior to the purchase. One day I may even get special license plates: REDMPTN.
